FORT ST. GEORGE, 23*d December* 1817.

G. O. BY GOVERNMENT.

1. The Right Honorable the Governor in Council is pleased to direct, with reference to Para. 64, Page 312 of the Code of Pay Regulations, that Memorandums of the Particulars, not only of all Vouchers which accompany the Pay Abstracts of Officers, but also of all Stoppages (of every description without exception) which may be made by Paymasters, from their monthly Pay and Allowances,

Allowances, shall be inserted at foot or on the back of the Abstracts —The aggregate amount of the Stoppages to be deducted from the Total of the Abstracts in the following manner; "Deduct amount of Stoppages as per Particulars at foot *(or on the back as the case may require)* of this Abstract"—and the Receipt to be given for the net or actual sum only which Officers receive.

2. The object of the above Regulation being the protection equally of the Officer and Paymaster, it is notified on the one hand, that the insertion on the Abstracts thus directed will, in cases of dispute hereafter, be considered as equivalent to a Receipt from the Paymaster for the amount of the Stoppages or delivery of the Vouchers—and on the other hand that, if the insertion should not be found on the Abstracts, and that no separate Receipt is forthcoming, it will be held as conclusive that no such Payments were made or Vouchers delivered.

3. The Governor in Council further directs that the signature at present required to be affixed by Officers to each Pay Abstract *above* the Receipt, shall be dispensed with—the signature to the Receipt being considered to give sufficient validity to the document so the countersignatures, &c. to continue as at present.

4. In like manner the Abstract at the foot of each Muster Roll is in future to be inserted immediately following the Names in the Muster Roll, and the Certificate prescribed by the 11th Para. Page 238 of the Code of Pay Regulations, is to be affixed immediately under the Abstract Muster Roll, by which one signature of the Officer Commanding the Troop, or Company, and one of the Officer Commanding the Corps, or Detachment, will be rendered sufficient.

5. It is directed that all Public Letters in the Military Pay Department shall be written on Foolscap, or other Europe Writing Paper, and that when more than one side of the sheet of paper is written on, the whole sheet is to be sent for the convenience of record.

6. It is also directed that all Bills, Pay Abstracts, Muster Rolls, and Certificates of last Payment drawn and issued by Officers and Paymasters, shall be written (or printed) on Foolscap or other *Europe* Writing Paper, and for the convenience of the Army the Superintendent of the Government Press is authorized to forward, free of postage, to Officers who may be desirous of purchasing them, blank Pay Abstracts and Muster Rolls, the established Forms of which will be furnished by the Office of Audit to the Superintendent for that purpose.

7. Difficulties having arisen from the mode of calculating the Pay, &c. of Individuals for broken periods in a month, as directed by the present Code, Page 312, Paras. 65 and 66, it is considered

necessary

necessary to cancel those provisions, in lieu of which the following are established—the Pay and Allowances of all Individuals of Non-Commissioned Rank and File, Followers, &c. (which may be the same for any month without reference to the number of days) when drawn for broken periods, are to be issued according to the number of days they actually served, or were employed on the public service, the amount of one day's pay being calculated according to a month of 30 days—but in all cases of Pay and Allowances, Pensions, &c. of Officers or Persons of that Rank for broken periods, the calculations, are to be made by dividing the total monthly allowance by 28, 29, 30 or 31 days, according to the number of days in the month, and multiplying the amount of one day's pay, thus ascertained, by the number of days for which claims may be payable; and all unsettled questions connected with such calculations are to be adjusted in conformity with the Regulations hereby established.

8. The Governor in Council has of late had occasion to notice the inattention of several Paymasters to the established Regulations for their Offices, in discharging unauthorized allowances, particularly in the cases of Non-Commissioned Rank and File, Followers, &c. from whom the amount of such irregular payments cannot without great inconvenience be recovered—the irregular payment of staff and other extra allowances to Officers without due authority, has also on many recent occasions been brought to public notice by the references of the Parties for relief, when the allowances so paid have been objected to on the Audit of the Public Accounts—and the usual plea to support such appeals, being the hardship of requiring Officers to refund sums which, from not having been objected to by Paymasters, they were led to consider, as their just right---it is deemed necessary to call the particular attention of Paymasters to the 16th and 17th Paras. of the Code of Regulations for the Military Pay Department, Page 325, which direct them to refer all doubtful claims to the Military Auditor General before they discharge them.

9. It is also considered proper to notify, that when appeals on the subject of unauthorized payments may hereafter be made to Government, the conduct of the Paymasters in discharging such demands will be taken into consideration, and the Military Auditor General is accordingly directed, in submitting such appeals, to explain with reference to the responsibility of Paymasters for unauthorized payments, how far their conduct may be defensible or otherwise, under the circumstances of each case, in the improper issue of the Public Money entrusted to their charge.

The Governor in Council considers it further necessary to apprize Officers of the Army that, however culpable it may be in Paymas-

ters

ters to discharge unauthorized claims, the plea above alluded to, of the hardship of refunding sums irregularly drawn, will in future meet with no indulgence, unless circumstances may appear to justify their conduct, as it is the duty of every Officer to make himself acquainted with the Regulations of Government, and not to draw allowances without the prescribed authorities.

By order of the Right Honorable the Governor in Council.

FORT ST. GEORGE, *30th December* 1817.

G. O. BY GOVERNMENT.

Ordered that the following Extract from the Honorable Company's General Letter in the Military Department, dated the 16th June 1815, be republished in General Orders.

Para. 139.—In consequence of the numerous applications, which have been preferred to us by our Servants, on leave of absence in this country, for advances of money on loan, We think it proper to recal your attention to our orders in the Military Department, of the 26th February 1808, upon this subject.—Those orders declared our determination not to make any pecuniary advances to Officers at home, beyond what they are allowed by the existing Regulations of the Service, and you are required to publish them in General Orders to the Army; but as a Resolution of this description, in order to be generally known to a Body which is continually receiving an accession of new members, should be occasionally republished, and being fully persuaded that a strict observance of this Resolution, will prevent much trouble and inconvenience, besides loss to the Company; we direct that our orders above adverted to, be in future circulated for the information of the Army, in the month of January in every year, and we shall take the necessary steps for reminding Officers

who

who may arrive in England upon furlough, of our determination upon the subject in question.

By order of the Right Honorable the Governor in Council.

By order of Major General Dyce.

20th January 1818.

FORT ST. GEORGE, 23d *December* 1817.

G. O. BY GOVERNMENT.

The Right Honorable the Governor in Council has received a Dispatch from the Resident at Nagpore, under date the 8th Instant, forwarding an application on the part of the Native Commissioned, Non-Commissioned, and Privates of the 1st Battalion 24th Regiment of Native Infantry, to be permitted to bear the

the "Number and Facings" of the Corps, to which this Battalion belonged previously to the 31st December 1806.

The highly deserving conduct of this Battalion in the Action at Nagpore on the 26th and 27th Ultimo, has entitled them in common with the other Troops engaged on that occasion, to the cordial approbation of the Government, and to the warmest acknowledgments of it's admiration. Their devotion, their gallantry, discipline and zeal were eminently conspicuous; and "in no instance," the Resident observes, "have interests so important "been more nobly or successfully maintained by so small a band."

The Governor in Council has fully appreciated the honourable feeling, which prompted the 1st Battalion 24th Native Regiment to seek to regain it's former position on the strength of the Army of Fort St. George; and while this tribute is due to their meritorious conduct in the late affair at Nagpore, The Governor in Council perceives in the proper spirit, which has made this distinction the aim of their ambition, a certain pledge that the expectations which he forms in according it, and his reliance on the future services of the Corps, will not be disappointed.

The Governor in Council accordingly directs that, from the 31st Instant, the First Regiment of Native Infantry shall be restored to the List of the Army of this Presidency with all it's Appointments; and that the two Battalions now comp[illegible] 24th Native Regiment, shall resume their former numbers respectively in the 1st Native Regiment.

His Excellency the Commander in Chief is requested and authorized to give the necessary orders for carrying this arrangement into immediate effect.

By order of the Right Honorable the Governor in Council.

By order of Major General Dyce.

Remarks

Remarks by His Excellency The Most Noble The Commander in Chief.

The circumstantial evidence on this trial is such as to give to the mind of The Commander in Chief a strong leaning to concur with the Court in pronouncing the guilt of the Prisoner, His Lordship therefore is to be understood as by no means intimating disapprobation of the Finding or the Sentence, still he feels himself bound to apply to this case the jealous caution respecting testimony which is observed in British Criminal Proceedings, but which could not be familiar to the Members of a Native Court Martial.

To render the inferences against the Prisoner conclusive, it was necessary to prove that he was not at home at the time when the murder was committed, only a solitary witness is competent to speak to the point. He is asked whether the Prisoner was, at the particular hour, in the room where they both slept, he answers that he cannot tell, as the room was twenty-one cubits long, the Prisoner's bed being at one end, and his at the other, while it was so dark, he could not see the distance of five paces. The witness in the course of the examination was questioned about another Man belonging to the same room, and answered that the Man was with the Picket, being asked how he knew that Man to be with the Picket, not having been there himself, he replied, "how could "I help knowing that he was not at home when I was alone in "the room." It is probable that the inconsistency of his evidence was remarked to him by somebody after the Court adjourned, for the next day, he desired to correct his evidence, and instead of his first answer to substitute an assertion, that the Prisoner was not in the room, as he saw the clothes of the Prisoner's bed, and observed the Prisoner was not in it. On being reminded of the distance which he had stated to exist between the two beds, he said it was a clear moonlight night and he could see every thing in the room distinctly; whereas he had on the former day sworn, that it was so dark he could not see five paces. The incorrectness of his original testimony he ascribes to his confusion on being examined for the first time before a Court Martial: yet the particularity with which he specified points on the original examination does not indicate embarrassment. A further doubt is thrown on his evidence by his acknowledgmen t that a quarrel existed between him and the Prisoner, and that they had not spoken to each other for twenty days. A testimony so suspicious cannot be suffered to decide on a Man's life; and without this testimony, the Crime cannot be brought home to the Prisoner. The Commander in Chief is desirous to have these points explained distinctly, not only to

the

the Members of the Court Martial but to the Men of the Battalion, that they may understand on what the decision turns; and His Lordship directs the communication to be carefully made.

The Prisoner is to be released; but is to be turned out of the Battalion as a Man laboring under the heavy suspicion of an atrocious murder. A minute description of his person is to be transmitted to the Adjutant General, that it may be circulated to the several Corps of this Army, and to the Officers recruiting for the Madras Army, in order that Jurbundun Sing may not be permitted to re-enter the Service of the Honorable Company.

Remarks.

The Commander in Chief having taken into serious consideration the unofficerlike, intemp erate, and extremely reprehensible conduct of the prosecutor, Lieutenant Henry Jackson of the Battalion of Invalids, in having assaulted the Prisoner, Matross W. Burns of the 3d Company of Bombay Artillery, in the most violent and shameful manner, by which the Prisoner was unfortunately provoked to commit the greatest crime a Soldier can be guilty of, by lifting his hand against his Officer; a crime of such magnitude in an Army, as (under any other circumstances) to justly merit the punishment of death; and taking also into consideration the very long confinement which the Prisoner has already unavoidably undergone, The Commander in Chief is disposed to remit one half of a punishment, which (however severe) would under a different view of the case have been far too lenient for the enormity of the offence.—The solitary confinement is therefore to be limited to the period of three calendar months from the present date.

The General Court Martial of which Colonel J. Griffith is President, is dissolved.

G. O. BY GOVERNMENT.

The Right Honorable the Governor in Council directs the publication, in General Orders, of the following Regulation.

A. D. 1817. REGULATION VIII.

A REGULATION for expediting the trial of civil suits in which the Native Officers and Soldiers attached to regular Corps on the Military Establishment of the Presidency of Fort St. George, may be parties, and for giving to them certain facilities in the maintenance and recovery of their rights, claims and interests.—Passed by The Governor in Council of Fort St. George, on the 9th December 1817; corresponding with the 26th Karteky of the year Eswara, 1739th year of Salewahan; and with the 29th Mohurrum, 1233 Hijeree.

Preamble.

Whereas the Native Officers and Soldiers on the Military Establishment of the Presidency of Fort St. George are liable to be stationed at places remote from their homes, and families; and whereas the impracticability of granting to such Native Officers and Soldiers frequent or prolonged leave of absence from their military duties, has caused to them material difficulty and embarrassment in maintaining and recovering their just rights, claims and interests; and whereas the fidelity and courage exhibited by the Native troops, in various wars on the continent of India, and the zeal and alacrity which they have uniformly displayed in voluntarily embarking on foreign expeditions, entitle them to the favourable consideration of Government; The Governor in Council with the view of manifesting his sense of their good conduct and of affording to them every facility in the maintenance and recovery of their rights, claims and interests, which can be granted consistently with a due regard to the fundamental principles established for the administration of civil justice, and for the collection of the land revenue, has enacted the following rules, to be in force from the period of their promulgation, throughout the territories dependent on the Presidency of Fort St. George.

Provisions of certain Regulations modified.

II. Such parts of the Regulations in force as prohibit the Courts of Civil Justice from corresponding by letter with parties in depending

depending suits, or direct that no pleadings shall be received in any civil cause except from the parties or their authorized pleaders; such parts of the Regulations in force as require generally, that depending causes shall be brought to trial according to the order in which they may stand on the file; and such parts thereof as prohibit the Courts from furnishing copies of decrees, or from receiving mokhtarnamahs on any other paper than the prescribed stampt paper, are hereby declared to be subject to the modifications contained in the following Sections of this Regulation.

Native Officers and Soldiers may appoint attornies to transact business for them in the Provincial and Zillah Courts.

III. *First.* Whenever a Native Officer or Soldier on the Military Establishment of the Presidency of Fort St. George shall be desirous of instituting a regular or summary suit in any Zillah or Provincial Court, and shall not be able to obtain a furlough or leave of absence for the purpose of superintending or conducting such suit in person, he shall be at liberty to execute a mokhtarnamah or power of attorney, drawn up according to the Form No. 1 in the Appendix to this Regulation, authorising and appointing any member of his family, or other person to institute and carry on the suit, and to perform all acts in the original trial of the cause, and eventually in appeal, in the same manner as if the party were himself personally present and consenting.

The mokhtarnamah not to be on stampt paper.

Second. Such mokhtarnamah shall not be required to be written on stampt paper, but shall be executed by the Native Officer or Soldier in the presence of the Commanding Officer of the Corps or Detachment, to which he may belong, who shall countersign the same in testimony of it's having been voluntarily executed.

The mokhtarnamah to be transmitted in a prescribed form by the Commanding Officer of the party, to the Court.

Third. The mokhtarnamah so executed is to be transmitted by the Commanding Officer under cover of a public letter drawn up in the Form No. 2 of the Appendix, addressed to the Register of the Court in which the suit is to be instituted, and upon the receipt of such letter, a notice shall be issued by the Court for the purpose of procuring the attendance, either personally, or by a constituted vakeel of the person nominated in the mokhtarnamah.

If the person nominated decline or be unable to act, information thereof to be communicated by

die, or be prevented by any sufficient cause from discharging the duty confided to him, the Court shall cause information of the same to be communicated to the Native Officer or Soldier, by an extract from their proceedings enclosed in an official letter to be addressed to the Commanding Officer of the Corps.

The mokhtarnamah to be filed of record. The suit to be tried under the general Regulations.

Fifth. If the appointed mokhtar shall attend the Court in person, or by a constituted vakeel, and shall consent to undertake the duty confided to him, the original mokhtarnamah shall be deposited in the Court and shall form part of the record of the cause. The suit shall be instituted, tried and determined in conformity with the general rules in force for the institution and trial of other similar suits, provided, however, that in all cases where the Native Officer or Soldier, who may be the principal in the suit, shall not be himself present at the time of it's decision, an authenticated copy of the decree written on unstampt paper, shall be transmitted by the Court, to the Commanding Officer of the Corps or Detachment, for the purpose of it's being communicated to the Native Officer or Soldier.

If the party be not present, copy of the decree how to be communicated to him.

These provisions not applicable to claims originating in loans or commercial transactions.

Sixth. It is hereby explained that no part of the preceding Clauses, or of the subsequent provisions of this Regulation, is intended to be applicable to claims originating in loans granted by a Native Officer or Sepoy, or in pecuniary transactions of a commercial nature.

Rules to be observed with the view of obviating the necessity of ex-parte trials in causes wherein Native Officers or Soldiers are defendants.

IV. *First.* For the purpose of ensuring the due communication to all Native Officers and Sepoys of the summons or other notice of the institution of suits against them so as to prevent as far as possible such suits from being brought to trial ex-parte, it is hereby enacted that in all such suits the plaint or petition of appeal shall contain a declaration that the defendant or respondent is a Native Officer or Soldier, and all plaintiffs or appellants who shall knowingly and intentionally omit to make such statement, are hereby declared liable to be fined in such sum as the Court before whom such pleadings may be filed shall deem equitable, not exceeding one fourth of the institution fee or stamp duty in each case; and it is further provided that the plaintiff or appellant shall state in his plaint or petition of appeal to the best of his knowledge or belief the particular Regiment or Corps to which such Native Officer or Sepoy may belong, or in the event

of

of his being unable to specify the same, then it shall be the duty of the Court before whom the suit is filed, to endeavour to ascertain the point.

A notice in the usual form to be transmitted to the Commanding Officer.

Second. A notice in the usual form, together with a copy of the plaint or petition of appeal on unstampt paper, enclosed in an official letter drawn up according to the Form No. 3 of the Appendix, shall be then transmitted by the Court to the Commanding Officer of the Corps, for the purpose of their being communicated to the Native Officer or Soldier against whom the suit may have been instituted; a similar notice shall be issued, when omitted in the first instance, from ignorance of the defendant's being a Native Officer or Soldier, attached to a regular Corps, if at any subsequent period during the trial of the suit it should appear to the Court, that the defendant or respondent is a Native Officer or Soldier as above described.

The Commanding Officer on receipt of the notice will cause it to be duly served.

Third. The Commanding Officer shall, if practicable, cause the notice to be served on the party to whom it is addressed, and shall then return it to the Court from whom it issued, with the written acknowledgment of the party endorsed thereupon, together with the mokhtarnamah, according to the Form No. 1 in the Appendix, if the party should have appointed an attorney to defend the suit in his behalf. If from whatever cause the notice transmitted to the Commanding Officer cannot be served upon the Native Officer or Soldier, to whom it is addressed, it shall be returned by the Commanding Officer to the Court from whom it had been received, with information of the cause which had prevented the service of it. In such case of non-service of process the Court shall make such further reference or shall adopt such other measures in order to the due service of such process, as may appear to be proper and consistent with the Regulations.

The Court how to proceed if the notice cannot be served.

Communications to be made by Commanding Officers of leave of absence granted to Native Officers or Soldiers to enable them to conduct their own Suits.

V. *First.* When a Native Officer or Soldier may obtain a furlough for the purpose of instituting or defending a civil suit in any of the Zillah or Provincial Courts, he shall be furnished by the Commanding Officer of the Corps or Detachment, with an official letter addressed to the Register of the Court in which the suit is to be tried; such letter shall be drawn up according to the Form No. 4 of the Appendix to this Regulation, but it shall not give cover to any petition, nor contain any statement or explanation of the merits or circumstances of the case.

Second.

The Court authorized to nominate a vakeel on behalf of the Native Officer or Soldier.

Second. Such letter shall be delivered in person by the Native Officer or Soldier to the Court, who are hereby authorized, at the request of the party, to nominate a vakeel of the Court to aid in preparing the pleadings and generally in conducting the prosecution or defence of the suit.—The Court shall at the same time cause the Native Officer or Soldier to be duly apprized of the provisions contained in Regulation XIV of 1816, and in any other Regulation in force, relative to the duties, and established fees of pleaders, and of the necessity of conforming thereto in the event of his employing a pleader.

A Native Officer or Soldier not prohibited from pleading in person, or appointing their own pleaders.

VI. Nothing contained in the preceding Section shall be construed to prohibit a Native Officer, or Soldier, from pleading his cause in person, or from employing any authorized pleader of the Court, instead of applying to the Court to nominate a vakeel to act on his behalf.

Suits instituted under this Regulation to be tried forthwith.

VII. *First.* The Zillah and Provincial Courts are hereby authorized and required to bring to a hearing without regard to the order in which they may be filed, all suits in which a Native Officer, or Soldier, who may have obtained leave of absence from his Corps, may be a party, and to pass a decision thereon as speedily as may be consistent with the due administration of justice.

The Courts may extend the Officer's or Soldier's leave of absence under certain rules.

Second. If the cause cannot be brought to a decision previously to the expiration of the furlough granted to such Native Officer or Soldier, the Court before whom the suit may be depending, is hereby vested with a discretionary authority to grant to such Native Officer, or Soldier, an extension of his leave of absence for a period sufficient to admit of a reference being made to the Commanding Officer of the Corps for the purpose of ascertaining whether the furlough can be prolonged for any further specific period.—But whenever a Judge or Register may exercise the discretionary power above vested in him, he shall be careful to make the reference immediately in an official letter to the Commanding Officer of the Corps to which the Native Officer or Sepoy may be attached.

Native Officers or Soldiers quitting the court station before the determination of the suits, may ap-

Notice to be given whenever land or other real property belonging to a Soldier or Native Officer is attached by Courts.

VIII. Whenever any land or other real property belonging to a Native Officer or Soldier may be attached by a Court of Justice for the purpose of realizing the amount of any judgment, fine or penalty imposed on such Native Officer or Soldier, the Court shall cause notice of the same to be issued in the manner prescribed in Clause Second, Section IV of this Regulation, and shall postpone the sale for such definite period as may appear reasonable, for the purpose of affording an opportunity to the Native Officer or Soldier to discharge the amount of the judgment, fine, or penalty.

Proprietors of malgoozaree estate being Native Officers or Soldiers may register themselves as such on application to the Collector.

IX. *First.* Any registered proprietor of an estate paying revenue to Government, who may be entertained as a Native Officer or Soldier on the Military establishment under the Presidency of Fort St. George, shall be at liberty to notify to the Collector the rank which he may hold and the designation of the Corps to which he may be attached. A record of such notification shall be inserted by the Collector in the public registers and accounts relative to the estate and it's assessment, and in cases in which the estate, or a portion of the estate of a Native Officer or Soldier, who may have made such notification, shall become liable to public sale for the

recovery of an arrear of revenue, the Collector shall address an official letter to the Commanding Officer of the Corps, drawn in the form prescribed in No. 5 of the Appendix to this Regulation; and shall enclose in such letter a written notice, signed and sealed by himself and attested by the principal Native Officer on his establishment, specifying the amount of the arrear, and the date on which it became due, and requiring that it be paid at the treasury of the Collectorship within such limited period of time, as on consideration of the distance, at which the Corps may be stationed, and other circumstances of the case, may appear to be proper and reasonable.

The Commanding Officer how to proceed on receiving the Collector's notice.

Second. The Commanding Officer of the Corps shall acknowledge to the Collector the receipt of his letter and shall specify the date on which the notice may have been commu-

nicated to the party, or the circumstances which may have rendered it impracticable to make such communication.

Collectors how to proceed in cases where arrears may not be discharged within a specified time.

Third. If the Native Officer or Soldier shall omit to discharge the Arrear within the term specified in the notice, the Collector shall report the circumstances of the case to the Board of Revenue, transmitting at the same time a copy of the notice and of his correspondence with the Commanding Officer, and shall be guided in his further proceedings by the orders which he may receive in each case from the Board.

Commanding Officers not to correspond with Courts on the merits of cases.

X. *First.* Nothing contained in this Regulation shall be construed to authorize the Commanding Officer of any Corps or Detachment to correspond with the Civil Courts or with the Collectors, regarding the merits of any judgment, or order, passed by those authorities respectively under the provisions of this Regulation.

This Regulation not applicable to irregular Troops.

Second. Nothing contained in this Regulation shall be construed to modify, or to affect the existing rules for the trial of civil suits, in which persons who may have been discharged from the Service, or who may be attached to Provincial Battalions, or to local or irregular Corps, or who may be Camp Followers, or non-combatant retainers of the Army, or who may be relations, or members of the family of a Native Officer, or Soldier, may be parties; the foregoing provisions of this Regulation are to be considered as strictly and exclusively applicable to Native Officers, or Soldiers who may be entertained in regular Corps and on the actual strength of the Army, on the establishment of the Presidency of Fort St. George.

GENERAL ORDERS BY THE COMMANDER IN CHIEF.

The Commander in Chief has received from Brigadier General Smith, C.B. Commanding the 4th Division of the Army of the Deckan, the detailed accounts of an Attack made on the 5th Ultimo, by the Troops of His Highness the Peishwah upon the Bombay Brigade, stationed at Poonah under the Command of Lieutenant Colonel Burr, and of the subsequent defeat on the 16th

Ultimo

Ultimo, of the Peishwah's Army, with the capture of the City of Poonah, by the 4th Division, under the personal Command of the Brigadier General.

His Excellency would neither do justice to his own feelings, or to the merits of the Troops employed on this occasion, were he not to express to the Army at large, his high sense of admiration, of the wisdom of the plans, and the gallantry and valour displayed in their execution, which have led to results so important and decisive; and His Excellency embraces this opportunity of offering to Brigadier General Smith his warmest thanks for the manner in which his march was conducted from Seroor to Poonah, under circumstances of no ordinary difficulty, increased as it was by the total absence of regular Cavalry, and the decision and promptitude with which his attack of the Enemy's lines was planned and executed, and their dispersion and overthrow effected, by a perseverance and determined courage which have never been surpassed.

The Commander in Chief notices in this place, with equal satisfaction, and commendation, the exemplary behaviour of the Auxiliary Horse under the command of Captain Spiller, to whom His Excellency desires to offer his best thanks for his gallant, spirited, and successful charges, against such superior numbers of the Enemy's Cavalry.

The passage of the River by the 2 Divisions under the Brigadier General and Lieutenant Colonel Milnes, is worthy of particular notice, and His Excellency has great pleasure in recording his high sense of the gallant and able manner in which that measure was effected, particularly by the Division under Lieutenant Colonel Milnes, to which the most determined opposition was given by the greater part of the Enemy's Artillery and Infantry.

The conduct of the Brigadier General in providing for the safety and protection of the City and Inhabitants after the Victory, is entitled to, and has the highest praise and approbation of the Commander in Chief, and the signal forbearance, and excellent discipline shewn by the Troops, on an occasion so trying and under circumstances of peculiar aggravation and cruelty, reflects a lustre upon their character which must ever be remembered with sentiments of the highest respect, and gratitude; and His Excellency most heartily participates in the feelings which the Brigadier General and his gallant Army must have enjoyed at the moment they planted the British Colours on the Peishwah's Palace, in the Heart of his Capital, which owed, to their discipline, subordination, and forbearance, it's preservation from plunder and destruction.

His Excellency requests that Lieutenant Colonel Burr will accept

of

of his warmest acknowledgments for the exemplary gallantry, and determined devotion with which the sudden and perfidious attack of his small Force, by the whole of the Peishwah's Army on the 5th Ultimo, was so resolutely opposed, and successfully repulsed.

The dispositions made by the Lieutenant Colonel on that occasion reflects the highest credit upon his Military character, and the success of his operations against a Force so very superior in numbers, is a convincing proof (if such were required) that coolness and discipline will always be found irresistible opposed to any numerical superiority, if deficient in those essential qualifications.

The conduct of the 1st Battalion 7th Regiment Bombay Native Infantry upon this memorable occasion, demands the particular notice of the Commander in Chief, and although His Excellency feels it difficult to distinguish, where all employed have acted so admirably well, yet the peculiar situation in which this gallant Corps was placed, pressed by severe and repeated attacks of the Enemy, both Horse and Foot, all of which were successfully resisted, entitles this Battalion to His Excellency's special notice, and the Commander in Chief desires that the expression of his highest approbation, may accordingly be communicated to the 1st Battalion 7th Regiment Bombay Native Infantry.

The conduct of Captain Ford and the Brigade under his Command, is also entitled to the Commander in Chief's cordial approbation.

The Commander in Chief desires that Brigadier General Smith will express to the Staff, the Artillery, His Majesty's 65th Regiment, the Bombay European Regiment, and the whole of the Native Troops employed, his highest approbation of their conduct, which His Excellency will not fail to report in the flattering terms of praise it so justly merits, to His Excellency The Most Noble The Governor General; and the Commander in Chief directs that it be particularly explained to the Native Troops, that their courage and discipline, will be no less the theme of his favorable notice to that high Authority, than their unshaken loyalty and incorruptible fidelity, amidst the most artful and active attempts to seduce them from their duty and allegiance.

The Commander in Chief has now the pleasing duty of publishing to the Army a further instance of the admirable conduct of a Detachment of the distinguished Army he has the honor to Command.

Official reports have reached His Excellency from Lieutenant Colonel H. S. Scot, Commanding the Detachment of the 5th Division at Nagpoor, of a most brilliant and decisive Action which took

took place at that Capital, between the British Troops, and the whole of those belonging to His Highness the Rajah of Berar, on the 26th and 27th Ultimo.

The Detachment under the Lieutenant Colonel's Command, previous to the treacherous attack made upon it by a Chief with whom we were on terms of friendly alliance, did not exceed the total amount of thirteen hundred and fifty Rank and File, and with this small and gallant Band, an Action of eighteen hours in continuance, was maintained, with a degree of perseverance, determined courage, and unconquerable bravery, which has never on any occasion, been surpassed.

It is a peculiarly gratifying part of the Commander in Chief's duty to offer his most grateful tribute of unqualified praise, and admiration, to Lieutenant Colonel Scot and the Officers and Men of his Detachment, for their excellent conduct upon this memorable occasion; and His Excellency may with truth assert, that there never has occurred, an occasion, where praise has been better earned or more justly merited than this.

The gallant perseverance and devoted courage of the small Brigade of Infantry, consisting of the 1st Battalions of the 20th and 24th Regiments Madras Native Infantry, (weakened by a large proportion of Sick in Hospital) place those Corps in the enviable possession of the applause of their Superiors, and the admiration of their brother Soldiers.

The pressure of the attack was sustained by the 1st Battalion 24th Regiment, and His Excellency feels no common pride and satisfaction, in declaring his most unqualified praise not only of it's gallantry, enterprize, and steadiness, but of the high and honorable feelings, which have since been manifested by the Corps in the unanimous request which has been made, that their original Number in the Army, and Facings, may again be restored, in preference to any reward which could be conferred upon them, and which His Excellency feels it due to the Corps, to acknowledge through the medium, of this public record, of their distinguished gallantry and brilliant services.

The feelings which have dictated this request are so highly honorable to the character of the Corps, that His Excellency would be guilty of great self-denial, were he to conceal the pride and gratification he will experience in submitting their Petition to the favorable notice of His Excellency The Most Noble The Governor General, and Commander in Chief; and Lieutenant General Sir Thomas Hislop, ventures to assure the 1st Battalion 24th Regiment, that His Lordship in considering their Petition will not allow it to diminish their other claims upon his approbation and favourable consideration.

The

The three Troops of the 6th Regiment Bengal Native Cavalry under Captain Fitzgerald, reinforced by a small Detail of the Madras Body Guard, have established a claim to the highest commendation.—The judgment and decision displayed by Captain Fitzgerald, in siezing the happy moment of attack, will ever speak the highest eulogium on that Officer's professional character and ability;—and the gallantry, and perseverance of this small but formidable Body, place it's merits and services in the most distinguished rank; nor is it too much to add, that the arduous contest which had been supported for 18 hours by the persevering gallantry of the Infantry, was decided by the discipline and enterprize of this gallant Detachment led on by Captain Fitzgerald.

The conduct of the small Detachment of Madras Artillery and Pioneers, has been eminently conspicuous, and has added another instance of courage, and discipline, to the well established reputation of the Corps to which they belong.

The important results of this Action, speak forcibly the praises of every individual Officer and Soldier engaged, and The Commander in Chief feels that all have an equal title to his grateful approbation, but the fortune of war frequently prevents opportunities, particularly claiming distinction; and His Excellency feels it an imperative duty to record the Names of the following Officers, who, with the most honorable zeal, have been so fortunate as to benefit by the favorable occasions which presented themselves during the arduous struggle.

Major MacKenzie, Commanding 1st Battalion 20th Regiment Madras Native Infantry.

Captain Lloyd, Bengal Establishment, Commanding the Resident's Escort.

Captain Fitzgerald, Commanding Detachment 6th Regiment Bengal Cavalry.

Captain Charlesworth, Commanding 1st Battalion 24th Regiment Madras Native Infantry.

Lieutenant Jenkins, Bengal Establishment, Commanding Nagpore Battalion.

Lieutenant Maxwell, Commanding Detachment Madras Artillery; and Cornet Smith, 6th Regiment Bengal Cavalry.

The pleasing duty Lieutenant General Sir Thomas Hislop has had to perform, of publishing his sentiments of approbation, and thanks to this gallant Detachment, equally imposes upon him, the melancholy duty, of paying a just tribute to the memory of those who have gloriously fallen on this memorable occasion.

The severe loss in Killed, and Wounded, is a subject of deep regret; but it will be a considerable consolation to the relations, and friends, of those brave Men who have fallen, to remember that they

they have died in the most devoted and honorable struggle, for the interests of their Country, and the glory of her Arms, and that their memory will be handed down to posterity, with honor, and grateful respect.

The following are the Names of the Officers who have fallen.

Captain Sadler, Commanding 1st Battalion 24th Regiment Madras Native Infantry.

Lieutenant and Adjutant Grant, 1st Battalion 24th Regiment Madras Native Infantry.

Lieutenant Clarke, 1st Battalion 20th Regiment Madras Native Infantry.

Assistant Surgeon Niven, unattached.

The sufferings of the families of the Native Corps during the Action, were unavoidably great; and many, it is deeply feared, have perished from their exposed situation, and the inveterate cruelty of the Enemy.—The Commander in Chief deeply deplores this melancholy event, and assures the Native Army, that the Widows, and Orphans, left destitute, shall have his immediate attention, and consideration, and that he will recommend them in the strongest terms, to the generous protection of Government, which is ever watchful to reward merit, and relieve the wants, and distresses, of it's faithful Soldiers.

Lieutenant Colonel Scot will be pleased, immediately to form a Committee of experienced Officers, to ascertain the persons who have a claim to Pensions, &c. &c. and will lose no time in transmitting the Proceedings to the Adjutant General of the Army.

Head Quarters of the Army of the Deckan: Camp at Mahidpoor, Monday, 22d December 1817,

G. O. BY THE COMMANDER IN CHIEF.

His Excellency Lieutenant General Sir Thomas Hislop, Bart. Commander in Chief of the Army of the Deckan, congratulates the Divisions under his personal Command, upon the glorious and important results of the Action yesterday, with the Army of Mulhar Rao Holkar.

The expectations which His Excellency had formed of the gallantry, zeal and discipline of this Army, were, if possible, more than realized; and while His Excellency witnessed with the highest feelings of admiration, the zeal and ardour of the Officers and Troops, he had no less reason to be proudly gratified with their persevering steadiness, and exemplary discipline, under a most destructive, and well directed fire from nearly 70 pieces of Cannon.

The intrepidity and courage of the Troops, cannot be better described, than in the simple fact, that in less than two hours after the arrival of the Head of the Column at the Ford of the Soopra, where the Enemy had taken post, the passage of the River was effected, the Enemy completely driven from their numerous Artillery, and every Gun left in our possession.

The conduct of the Light Artillery Brigade under the Command of Captain Rudyard, covered by the Rocket Troop, was such only as the Commander in Chief expected, but His Excellency could not fail to be particularly struck by the admirable coolness,

and

and steadiness, with which the Battery passed the River, and took up it's position within point-blank Shot of the Enemy's Guns, and to it's well directed fire and promptness in opening it, too much praise cannot be given. His Excellency laments that this valuable Corps, should unavoidably have sustained so severe a cannonade, by which, at one time the whole of it's Guns were disabled.

The Charge of the 1st and 2d Brigades of Cavalry under Lieutenant Colonel Russell, and Major Lushington, consisting of the Detachment of His Majesty's 22d Light Dragoons under Captain Vernon, the 3d Regiment Cavalry under Lieutenant Clubley, the 4th Regiment Cavalry under Lieutenant Maquay, and the 8th Regiment Cavalry under Captain Martin, flanked by the Sillidar Horse under Captain Grant, was most judiciously timed, and admirably executed.

The steadiness of the Foot Artillery Battery under Lieutenant Bennet, was highly conspicuous, and the well chosen position which it occupied, to cover the Troops crossing the River, and to enfilade the Enemy's Artillery, was highly creditable.

The advance of the Light Brigade under Major Bowen gave every possible effect in driving off the Enemy's Horse, and Skirmishers, from the Bank of the River, where the Army was to form, and left on the mind of the Commander in Chief, the most lasting impressions, of the undaunted valour and unquestionable utility, of those valuable Corps.

The order and regularity with which the 1st Brigade of Infantry under Lieutenant Colonel Scot, passed the River and formed for the attack of the Enemy's Guns, was a strong example of coolness, and discipline, and the promptitude with which this Brigade moved forward to attack the left of the Enemy's Batteries, has impressed the Commander in Chief, with the highest sentiments of admiration; and His Excellency must here notice, the undaunted gallantry, with which the Charge was made upon the Guns under the conduct and direction of Brigadier General Sir John Malcolm, K.C.B. &c. &c. in which decisive blow the intrepid courage and animated zeal of the Flank Companies His Majesty's Royal Scots under Captain Hulme, the Madras European Regiment under Major Andrews, 2d Battalion 14th Regiment Native Infantry under Major Ives, the Rifle Corps under Major Snow, the 1st Battalion 3d or Palamcottah Light Infantry under Major Knowles, and 1st Battalion 16th Regiment under Captain Cuffley, were so nobly and eminently displayed.

The Commander in Chief cannot omit to notice in the most favourable terms the 1st Battalion 14th Regiment under Major Smith, which supported the attack with the most ardent zeal and steadiness.

The

The advance of the 2d Brigade under Lieutenant Colonel M'Dowell, to turn the right of the Enemy's position, was conducted with the utmost order and promptitude; and the Commander in Chief notices, in the highest terms of praise, the steadiness, courage and discipline of the 2d Battalion 6th Regiment Native Infantry under Major Moodie, and the Russell Brigade in the regular Service of His Highness the Nizam, under Captain Hare.

The conduct of the Corps of Pioneers under Captain M'Craith, was highly meritorious and essentially useful.

The general conduct of the whole of the Artillery under the able direction of Major Noble, C.B. reflects the highest credit upon that Officer, to whom the thanks and praise of the Commander in Chief, are particularly due upon this occasion.

The Commander in Chief would be desirous, were it possible within the limits of a General Order, to enumerate the Name of every Individual, to whom some peculiarly favorable opportunity may have been afforded of performing some distinct instance of eminent service, but where such essentially important services have been achieved by the combined valour and discipline of the whole, he feels it his duty to offer to all his grateful sense of their display of those qualities in a form, which every Individual will equally participate.

The Commander in Chief would not, however, feel himself justified, were he to omit his warmest thanks and acknowledgments to Brigadier General Sir John Malcolm, K.C.B. for the important assistance he derived throughout the day from that Officer's judgment, experience and personal exertions, in conducting the assault on the left of the Enemy's line; in like manner to Lieutenant Colonels R. Scot and A. M'Dowell, Commanding the 1st and 2d Brigades of Infantry of the Line; to Lieutenant Colonel Russell, Commanding the 1st Cavalry Brigade; to Major Bowen, Commanding the Light Infantry Brigade; and to Major Knowles who succeeded to that Brigade on Major Bowen being wounded; to Major Lushington, Commanding the 2d Cavalry Brigade, and Major Noble, C.B. Commanding the Artillery, the Commander in Chief's acknowledgments, and thanks, are due; as likewise to

Major Smith, Commanding the 1st Bat. 14th Regiment N. I.

The Names of Lieutenant Coleman, Madras European Regiment, Lieutenant M'Leod, his Majesty's Royal Scots, and Lieutenant Glen, 1st Battalion 3d, or Pallamcottah Light Infantry, and the brave Soldiers who gallantly fell in Action, will long be remembered by His Excellency and the Army with mingled feelings of pride and regret; and His Excellency anxiously trusts that the wounded Officers, and Men, will soon be restored to the exercise of their professional duties, and the enjoyment of their health, to which event the Commander in Chief looks with the more confidence from the zeal, ability, and humane attention of Mr. Superintending Surgeon Annesley and the Officers of the Medical

Medical Staff, to whom, and to the superintending care of their Commanding Officers, His Excellency confides them.

Mr. Superintending Surgeon Annesley will accept the Commander in Chief's best acknowledgments for the able arrangements he has made, and for the prompt assistance he afforded to the wounded.

G. O. BY THE COMMANDER IN CHIEF.

The Commander in Chief took occasion, on the 14th Ultimo, to express his sentiments of admiration, and applause, of the conduct of the Troops lately engaged, with the Enemy at Poonah, and at Nagpoor, as also his deep regret, at the loss of those Officers and Men, who had fallen on those brilliant occasions; but, it remains for His Excellency to express his sorrow, at the fate of some other Officers, who have unfortunately fallen into the hands of a desperate, and cruel Enemy.

Captain Vaughan of the 15th Regiment Madras Native Infantry, accompanied by his Brother, a Cadet, just arrived in the Country, being on their way from Bombay to Seroor, travelling unprotected, in the confidence of profound peace, were surprized at the Village of Tully Gaum, by a Party of the Peishwa's Troops, and cruelly murdered, and the Commander in Chief, while he deplores an event, so shocking to humanity, and all civilization, cannot but execrate the perpetrators of this barbarous proceeding, and trust that their punishment may not be long delayed.

Cornet Francis Hunter of the 1st, and Cornet James Morison of the 2d Regiment Cavalry, travelling near Poonah, were intercepted on the 5th November last, by a strong Party of the Peishwa's Troops, both Cavalry and Infantry, and have also fallen into the hands of the Enemy, after a gallant defence, with a Party consisting only of one Havildar and twelve Sepoys, several of whom, were killed and wounded.

Having taken post in a Choultry, and made a breastwork of their Baggage, those Officers defended themselves, with honorable perseverance, against a vast superiority of numbers, for several hours, nor did they surrender until the ammunition being expended, the Enemy had got to the top of the Building which they occupied, and fired upon them, through holes made in the roof, when further resistance was evidently unavailing.

It is due to these Officers to record, that, although offered before the Attack, the means of a safe conduct, to the British Camp at Poonah, they declined availing themselves of an advantage, by which their Followers, who had claims to their protection, could not also benefit.

This

This occurrence, while it evinces what may be done, even, with a handful of disciplined Troops, over a numerous irregular Enemy, shews also the injury which the Public Service may suffer, at any critical moment, by a failure of ammunition, and His Excellency embraces this opportunity to order, that no Guard shall in future be detached from it's Corps, on *any* service beyond the Frontier, without it's full proportion of spare ammunition, the want of which, in the instance above detailed, having forced two brave young Officers to surrender, in a situation, where perhaps they might otherwise have maintained themselves, until relieved.

The loss of the Enemy, was more than four times the original number of this small Party, and the Commander in Chief, in desiring that his approbation may be expressed to the Sepoys who have survived, has also to express his hope, that Cornets Hunter and Morison, may at no distant period be restored, to liberty, and the Service, an object which His Excellency will not fail to endeavour, by every means, to accomplish.

G. O. By Government.

The Right Honorable the Governor in Council having received from The Most Noble The Governor General, the printed Copy of a Letter from the Medical Officer in charge of the Native Field Hospital with the Centre Division of the Grand Army, relative to the treatment of the alarming Epidemic, which lately visited the Army, in it's course through the Provinces subject to the Presidency of Fort William; and His Excellency having expressed a wish for the speedy diffusion of this little Tract, as a means of averting much misery and distress:—The same is published for general information.

My Dear Sir,

In compliance with your request to give you instructions for the treatment of the disease which prevails in Camp, from the circumstance of your being frequently detached from the Army without Medical assistance, I give you a Statement with much pleasure.

The symptoms are as follows: Violent vomiting and purging of watery matter, spasmodic cramp in the extremities extending to the abdominal and muscles of the chest, a collapsed countenance, the pupil and the white of the eye covered with a thick film, a suffusion of blood and turgidity of their vessels, the eye at length sinks into it's socket and immediately becomes fixed. —The extremities now become cold, and the pulse is not to be felt, and indeed the energy and action of the heart are considerably diminished.

The first man, I saw thus affected, was treated with three grains of Calomel and a quarter of a grain of Opium every two hours with frequent draughts of Brandy and water, and other stimulants, the man died and I opened him on the same evening.

I found the stomach partly filled with muddy water, the bowels were empty and considerably inflated with air, hardly any bile in the gall bladder, none in the biliary ducts, there was general inflammation of the bowels, liver, stomach, and lungs.

These were indications to follow a directly opposite mode of treatment. Consequently, on assuming charge of the Native Hospital for the reception of Camp Followers, and Public Esta-

blishments,

blishments, on the 16th of this month, one hundred and ten patients were admitted with the symptoms I have described.

I immediately gave to each patient 15 grains of Calomel, which I dropped on the tongue and washed it down with 60 drops of Laudanum and 20 drops of Peppermint in 2 ounces of water.

Before I go further, it will be necessary to mention to you, that Laudanum in a large dose of 60 drops is not a stimulant but a sedative, whereas Laudanum from 15 drops to 20 and 30 is a stimulant, the former produces sound sleep, removes spasm and irritability, whilst the latter excites considerable uneasiness and convulsive startings.

It will appear the more remarkable to you when I also mention that the variation of a dose of Calomel has the same effects.

Calomel in a dose from 5, 8, to 10 grains excites lassitude, sickness, irritation of the bowels, and, on account of it's being a stimulant, acts as a good purgative, but Calomel in a dose from 15 grains to 20 is a sedative, allays vomiting, removes spasm, sends the patient to sleep, and produces one or two motions.

You will now observe on what principle I treated my patients, not on a plan of giving powerful stimulants, but on one which at once removes the irritability and spasm, composes the stomach and the bowels, produces sleep and tranquillity of the mind, excites the secretion of the liver, and prevents the progress of inflammation.

On the second day it was indeed a consolatory sight to observe the wonderful change.

The vomiting and the purging had stopped, the spasms removed with general moisture on the skin, they had experienced sound sleep, and the pulse had returned to the wrist.

I now gave 30 grains of Jalap which effected one or two bilious motions.—Of one hundred and ten men I only lost two, and those were decrepid aged men, in whom the vital energies were at once extinguished,—the remaining one hundred and eight I had the good fortune to see all recover.

In the treatment of Europeans, however, I should strongly recommend copious bleeding, and never less than twenty grains of Calomel with 60 drops of Laudanum and 20 drops of Peppermint in 2 ounces of water, and, on the spasm attacking the abdomen, the application of a large blister.

Should the blister fail in drawing and the blood not flow from the veins, immersion in the warm bath will have the most beneficial effects. Should the warm bath not be procurable, warm frictions and pots of warm water thrown over the patient will produce an equally favourable result in bringing about the re-action of the circulating system.

When

When the purging and vomiting are incessant, as well as violent, we ought never to be alarmed in giving as far as 80 drops of Laudanum with 20 drops of Peppermint, and 20 grains of Calomel, and injecting 40 drops of Laudanum in Conjee by Enema. A few hours determines the safety of the patient, therefore those few hours must not be lost in an undetermined manner and by small and useless doses.

After the first shock is over, that is, after three or four hours, if there's much spasm and irritability remaining, the dose of Calomel and draught must be repeated, the patient will then fall into sound sleep and awaken nearly recovered.

The after treatment will only be to keep the bowels regularly open with Calomel and Jalap, and to give occasionally 60 drops of Laudanum to promote sleep. It is however to be remembered, that it would be an error and do considerable harm to bleed in persons who are weak, worn down by disease, and aged.

The most urgent symptoms in this disease are violent thirst and dreadful sensations of burning heat in the bowels and pit of the stomach; the frequent and lamentable calls for cold water should never be satisfied, for I observed many unfortunate Camp Followers who had died in the act of drinking. I therefore gave warm Conjee, and by the means of Sentries prevented any water being taken into the Hospital.

Hiccough is not a dangerous symptom in this disease, for there was hardly a patient recovered without suffering this spasmodic irritability.

I am of opinion that unless a patient takes these remedies within 6 hours after the attack, the case is hopeless, at least I only recovered ten patients with the regular form of the disease after a greater lapse of time; and in those the symptoms were peculiarly mild.

It is of the greatest importance to bear in mind the necessity of giving Calomel in powder, instead of pills, for I have known many instances where pills were passed through the patient in the same state and form they were taken into the stomach. This point therefore is of such high importance, that, in Fever, Dysentery, but above all, in this complaint, by which a patient is carried off in 12, at farthest 30 hours after the attack, from which circumstance it becomes necessary to affect the system immediately, otherwise if this point should be overlooked, the chief object in the operation of the Medicine may be frustrated and the patient lost.

It is on this principle I recommend Laudanum in preference to Opium, one is directly active in it's operation, but the other has to undergo the process of dissolving, or perhaps never dissolving

passes

passes through the system in the same state it was taken into the stomach without producing any effect whatever.

I am so convinced of what I now assert and recommend, that for these last three years I have never once used any Medicine in the form of pills. And I look back to the day when I first discovered this error in practice as one great improvement in the treatment of acute diseases.

Reading over the foregoing I find I have neglected to mention the use of Peppermint in co-operation with Laudanum, the reason I prescribed it was, from it's known good qualities in expelling air from inflated bowels and stomach, and I have always found it have that effect in the most desirable manner.

That this disease is not infectious, I am perfectly convinced. All my attendants upon the sick have escaped the disease, and I have more particularly at all hours of the day and night respired the atmosphere of a crowded Hospital with impunity.

But I fancy there have been a combination of causes, perhaps one of the principal was the sudden changes of atmospherical temperature, for I never knew the Thermometer vary so much as it has this season

In the morning at day break it stood at 52° and at one o'clock 96°—a variation of 44 degrees in 6 hours and a half.

I must beg leave however to decline at present entering into the causes of this disease, from recent investigation and circumstances it has put on more the appearance of being Epidemic, than it did on the commencement; but as I have leisure I trust I shall be able to correct any errors in this Letter, which is written during the pressure of other business.

Believe me,
My Dear Sir,
Your's Faithfully,

received, the sincerest congratulations of the Governor General and Commander in Chief of all the Forces, are offered to His Excellency on the important service, which his zeal, his valour, and his professional ability, have rendered to the Honorable Company, and to his Country.

The decision with which Sir Thomas Hislop resolved, to consider Holkar as an Enemy, and to disperse his Army, is regarded by His Lordship as most just, and expedient. The leaving that Army in an attitude of distinct hostility, while the Ministers of Holkar, were endeavouring to gain time, by unmeaning negociations, would have been deeply injurious to the public interest.

His Excellency is requested to impart to Brigadier General Sir John Malcolm, His Lordship's warm applause, of the ardour, and intrepidity, with which that Officer led the attack on the Enemy's principal Battery. Such an example, could not but infuse invincible spirit into the Troops.

The particular acknowledgments of His Lordship to Officers, must be guided by the specification which their immediate Commander has made; therefore, to each of those individuals Sir Thomas Hislop is entreated to profess, His Lordship's cordial adoption of the sentiments proclaimed by His Excellency.

Finally, The Governor General and Commander in Chief desires, that his praise and thanks may be communicated to all Ranks of the Army, for the admirable exertion which appears to have been made by every description under His Excellency Sir Thomas Hislop's Command.

By Command of His Excellency The Governor General.

(Signed) J. ADAM,

Secretary to the Governor General.

In reference to His Lordship's desire, as conveyed in the 4th Paragraph of the foregoing record, the Lieutenant General informs the Army, that independently of the sentiments of applause, and admiration, which he had the pleasing duty of promulgating, in his General Order of the 22d Ultimo, and of which a transcript was forwarded on the following day, for the information of the Governor General and Commander in Chief, he had, at the same time the honour of bringing to His Lordship's particular notice, the Names of certain Officers, who were prominent, from their Rank, and Situation, and from the superior Duties they had to perform;—to each of those Officers, therefore, it will be His Excellency's immediate care, in obedience to His Lordship's Commands, to communicate the specific terms, in which their respective services have been acknowledged, and he entreats them, individually to believe, that his sentiments on the occasion, have been

dictated, with no less warmth, and sincerity, by his own feelings, than they have been adopted with cordiality, by The Most Noble The Governor General.

The Lieutenant General, at the same time, took occasion to state to His Lordship that, having detailed the events of the day, it became unnecessary to dwell upon the conduct of the Troops; that where merit and gallantry were so general, it was impossible, to particularize Corps, or to make distinctions; that every Man had done his duty, and that the whole were entitled to his warmest thanks, and applause.

These sentiments, therefore, His Excellency begs to repeat on the present occasion of conveying The Governor General's thanks and applause to the Army; and the Lieutenant General feels satisfied, that the recorded approbation of The Governor General and Commander in Chief, would be sufficient to stimulate the Officers and Men to continued exertion, were any stimulus necessary to Troops of the description, it is His Excellency's good fortune to Command.

G. O. BY THE COMMANDER IN CHIEF.

Conductor William Brookes, and Acting Conductor Charles M'Carthy, (late promotions,) are posted to the Arsenal of Fort St. George.

The Commander in Chief has much satisfaction in announcing to the Army, the receipt on the 15th Instant, of a Duplicate of Dispatches from Brigadier General Doveton, Commanding the 2d Division of the Army of the Deckan, containing the Official Details of that Officer's operations on the 16th Ultimo, against the Troops of the Rajah of Berar, in the vicinity of the City of Nagpoor.

The original Copy of this gratifying communication, never having reached Head Quarters, the Commander in Chief has been hitherto prevented from publishing to the Army, the sentiments of his applause and approbation, which it would have been His Excellency's duty, no less than his inclination, immediately to have conveyed to Brigadier General Doveton, and the gallant Troops under his Command.

The Brigadier General reached Nagpoor, with the Division under

his

his orders, on the 13th Ultimo, after a rapid and fatiguing march, and formed a junction with the Detachment of the 5th Division already there; having refreshed his Troops, during the 14th and 15th, he prepared to attack the Enemy on the morning of the 16th, which was accordingly done, and the manner in which this important service has been achieved, reflects the highest credit, upon the judgment and professional talent of the gallant Officer who commanded, as well as upon the discipline, and determined valour, of the excellent Toops, who so nobly carried into effect, the able, and well judged plans of their General.

The Commander in Chief cordially concurs in the expressions of approbation conveyed in the Brigadier General's Dispatch, of the distinguished conduct, of Lieutenant Colonels M'Leod, Scott, Gahan, M'Keller, and Crosdill, Commanding Brigades; of Major Munt and Captain Western, Commanding Corps of Cavalry; and of Lieutenant Colonels Stewart and Fraser, and Majors Pereira, Pollok, M'Dowall, Weldon, M'Bean, and Garner, Commanding Corps of Artillery and Infantry, as well as to Lieutenants Poggenpohl and Hunter of the Horse Artillery, and to those Officers His Excellency desires to offer his thanks and praise, for their able and gallant exertions, as described by Brigadier General Doveton.

To Major M'Leod, and the Officers of the General Staff, to Captains Morgan and Edmonds on the Personal Staff, of the Brigadier General, and to the other Staff Officers, The Commander in Chief's acknowledgments are most justly due, for their able conduct and zealous exertions in the Action on the 16th December.

His Excellency desires particularly to express the high sense he entertains of the conspicuous exertions, and well directed ability, which have been so eminently displayed in the conduct of Lieutenant Davies, Senior Engineer, to whom he offers his best thanks, and applause.

His Excellency also notices, with feelings of the highest admiration, the conduct of Lieutenant Bayley, who, although labouring under a severe wound, received on the memorable 26th of November, volunteered his services with the Brigadier General, on the 16th Ultimo, and has again proved his well earned title, to the warmest acknowledgments and praise of The Commander in Chief.

The Commander in Chief has also received Dispatches, from Brigadier General Doveton, detailing his operations subsequent to the 16th Ultimo, the successful termination of which on the 30th Ultimo, by the Capitulation of the City of Nagpoor, His Excellency has already had the gratification of announcing to the Army in General Orders of the 8th Instant.

The

The City, it appears, was defended by 5,000 Hindoostanee Troops and 3,000 Arabs strongly posted in the Palace of the Rajah, and other Stone Buildings in the Town.—The arrangements made by Brigadier General Doveton for their expulsion, and the gallantry, steadiness, and discipline of the Troops, in the attack of the 24th Ultimo, are entitled to The Commander in Chief's grateful acknowledgments, and he desires that the expression of his unqualified praise and approbation of the conduct of the Troops employed, throughout the operations against Nagpoor, may be communicated and particularly explained to them all.

His Excellency in conclusion offers to Brigadier General Doveton, his cordial congratulations upon the success, which has crowned his gallant exertions at Nagpoor, which the Commander in Chief will not fail to bring to the notice of His Excellency The Most Noble The Governor General, in the terms of approbation and applause they have so well merited.

CHOULTRY PLAIN, *16th February* 1818.

G. O. BY MAJOR GENERAL DYCE.

The following General Orders issued in Camp by the Commander in Chief, are, by His Excellency's orders, published to the Army.

Head Quarters of the Army of the Deckan : Camp at Mahidpoor, Wednesday, 21st January 1818.

G. O. BY THE COMMANDER IN CHIEF.

It is with feelings of inexpressible gratification, that the Commander in Chief has to announce, one of the most heroic, and brilliant achievements, ever recorded in the annals of the Army, which took place at the Village of Corygaum, between Seroor and Poonah, on the 1st Instant.

The official details of this glorious affair, reached the Commander in Chief yesterday, in a Dispatch from Brigadier General Lionel Smith, C B. Commanding the 2d or Poonah Division of the Army of the Deckan, and His Excellency is pleased to publish the Brigadier General's Orders, issued on the occasion, that the Army may be placed in full possession of every particular, of an event, displaying so bright, and distinguished an example of devoted courage, and admirable constancy.

CAMP NEAR SEROOR, *Wednesday, 7th January* 1818.

D. O. BY BRIGADIER GENERAL SMITH.

The Commanding Officer having received the official accounts of an attack made by the Peishwah's Army, on a small Detachment commanded by Captain Staunton of the 2d Battalion 1st Regiment Bombay N. I. at the Village of Corygaum, has great satisfaction in publishing the particulars for general information, and in holding it up to the Force, as one of the most brilliant examples of gallantry and perseverance, recorded in our Indian annals.

This Detachment, consisting of a Detail of Madras Artillery, and 2 six Pounders, the 2d Battalion 1st Regiment about 600 strong, and about 300 Auxiliary Horse, the whole under Captain Staunton, marched from Seroor for Poonah, at 8 P. M. on the 31st December, and reached the heights overlooking Corygaum, about 10 o'clock on the forenoon of the 1st January, from whence the whole of the Peishwah's Army, estimated at 20,000 Horse and several thousand Infantry, were discovered on the Plain South of the Beemah River.

Captain

Captain Staunton immediately moved upon the Village of Corygaum, with the intention of occupying it; and had scarcely succeeded in reaching it with his Detachment, when he was attacked in the most determined manner, by three Divisions of the Peishwah's choicest Infantry, supported by immense bodies of Horse, and the fire of 2 pieces of Artillery.

The Enemy's Troops were stimulated to their utmost exertions, by the presence of the Peishwah on a distant height, attended by the principal Mahratta Chiefs, who flattered His Highness with the prospect of witnessing the destruction of this gallant handful of British Troops.

The Enemy obtained immediate possession of the strongest parts of the Village, from which it was found impossible to dislodge them, and the possession of the remaining part, was most obstinately contested from noon till 9 P. M. during which time almost every Pagoda, and House, had been repeatedly taken and re-taken, and one of the Guns at one time was in possession of the Enemy.

Towards the close of the evening, the Detachment was placed in a most trying situation;—at this period nearly the whole of the Artillery-men, were killed or wounded, and about one-third of the Infantry, and Auxiliary Horse. The exertions which the European Officers, had been called upon to make, in leading their Men to frequent charges with the Bayonet, had diminished their numbers—Lieutenant Chisholm of the Artillery, and Mr. Assistant Surgeon Wingate, 2d Battalion 1st Regiment, were killed. Lieutenants Swanston, Pattinson, and Connelan, were wounded, leaving only Captain Staunton, Lieutenant Jones, and Mr. Assistant Surgeon Wylie, nearly exhausted, to direct the efforts of the remaining part of the Detachment, who were nearly frantic from the want of water, and the almost unparalleled exertions they had made throughout the day, without any sort of refreshment, after a fatiguing march of 28 miles.

Under cover of the night they were enabled to procure a supply of water, and at 9 P. M. the Enemy were forced to abandon the Village, after sustaining an immense loss, in killed and wounded. The British Character was nobly supported throughout the whole of the arduous contest, by the European Officers, and small Detail of Madras Artillery, the Medical Officers who led on the Sepoys to charges with the bayonet, the nature of the contest not admitting of their attending to their professional duties, and in such a struggle, the presence of a single European was of the utmost consequence, and seemed to inspire the Native Soldiers, with their usual confidence of success.

At day-light on the 2d, the Enemy were still in sight, but did

not

not renew the attack, although it prevented the Troops, whose ammunition was nearly expended, from procuring any supply of provisions.

Captain Staunton, however, made preparations for moving, according to circumstances, and the manner in which that Officer availed himself, of the few resources which remained to him, after such a conflict, to prosecute his march, and bring away the numerous wounded of his Detachment, is highly praiseworthy.

The Detachment moved during the night of the 2d upon Seroor, which they reached at 9 A. M. on the forenoon of the 3d, having had no refreshment from the 31st December.

Captain Staunton brought in nearly the whole of the wounded, and both the Guns, and Colours of the Regiment, which the Enemy had vainly hoped, to present as trophies to the Peishwah.

In concluding these details, the Commanding Officer begs to offer to Captain Staunton, and the whole of the European and Native Commissioned, Non-Commissioned and Privates, engaged at Corygaum, his best thanks for their noble exertions, and exemplary patience, under every species of privation, which he will not fail to bring to the notice of Government, and His Excellency the Commander in Chief.

The Commanding Officer thinks it proper to record, the Names of the Officers engaged in this brilliant affair.

Madras Artillery.

Lieutenant Chisholm, killed.
Assistant Surgeon Wylie.

2d Battalion 1st Regiment.

Captain Staunton, Commanding Detachment.
Lieutenant and Adjutant Pattinson, wounded, (since dead.)
,, Connelan, wounded.
,, Jones, 10th Regiment, doing duty with 2d Battalion 1st Regiment.
Assistant Surgeon Wingate, killed.

Auxiliary Horse.

Lieutenant Swanston, Madras Establishment, wounded.

(A true Extract.)
(Signed) H. TOVEY,
D. A. General.

The Commander in Chief having published the foregoing Order, in the sentiments of which he most cordially participates, feels unable to do greater justice to the merits of Captain Staunton, and his gallant Detachment; but in conveying to that Officer, and his brave Troops, the expression of his thanks, and highest admiration, His Excellency entreats them to believe, that the distinguished intrepidity, and enduring fortitude, they have so nobly shewn, under

under circumstances of the most trying privation will, for ever remain deeply impressed on his heart, and be recorded as one of the brightest deeds, in the annals of our Indian history.

It will be His Excellency's most gratifying duty, immediately to bring to the special notice of His Excellency The Most Noble The Governor General and Commander in Chief in India, the particulars of this brilliant and glorious event.

The Commander in Chief has experienced the greatest satisfaction, from visiting the Field Hospital at Mahidpoor; The excellent state of comfort, and cleanliness, in which His Excellency found the sick and wounded Patients, reflects the highest honor on the zealous exertions, able arrangements, and humane attention, which Major Moodie, Commanding at Mahidpoor, has bestowed on this important charge; and no less praise is due to Captain Green, 2d Battalion 6th Regiment, in charge of the Details of Corps, for the indefatigable exertions he has bestowed, in conducting his extensive and important duties.

The appearance of the whole Medical establishment, the comforts, cleanliness, and early progress of the wounded Men, towards recovery, speak most forcibly, the professional ability and unremitting attention bestowed on them, by Mr. Surgeon Stevenson in medical charge, and also of his Assistants Messrs. Boyd and Christie, to whom His Excellency's acknowledgments are also due.

Had any proof been required, beyond the facts which the Commander in Chief witnessed, with such peculiar satisfaction, and applause, of the claims of Mr. Stevenson, as well as of Messrs. Boyd and Christie, to unqualified approbation, none more honorable to their character could be preferred, than the request made by the wounded Patients to His Excellency in the Hospital, "that he would

would now take care of the Surgeons, who had been so kind and attentive to them," a recommendation emanating from a source, giving it the fullest force, and which will be remembered by the Commander in Chief whenever a favorable opportunity offers.

His Excellency The Commander in Chief has great satisfaction in publishing to the Army, the following General Order by Government.

FORT ST. GEORGE, 23d *December* 1817.

G. O. BY GOVERNMENT.

The Right Honorable the Governor in Council has received a Dispatch from the Resident at Nagpoor, under date the 8th Instant, forwarding an application on the part of the Native Commissioned, Non-commissioned, and Privates of the 1st Battalion 24th Regiment N. I. to be permitted to bear the "Number and Facings," of the Corps, to which this Battalion belonged, previously to the 31st December 1806.

The highly deserving conduct of this Battalion, in the action at Nagpoor, on the 26th and 27th Ultimo, has entitled them, in common with the other Troops, engaged on that occasion, to the cordial approbation of the Government, and to the warmest acknowledgments of it's admiration.

Their devotion, their gallantry, discipline, and zeal, were eminently conspicuous, and, "in no instance" the Resident observes "have interests so important been more nobly or successfully maintained by so small a Band."

The Governor in Council has fully appreciated the honorable feeling, which prompted the 1st Battalion 24th Native Regiment, to seek to regain it's former position on the strength of the Army of Fort St. George; and while this tribute is due to their meritorious conduct, in the late affair at Nagpoor, The Governor in Council perceives, in the proper spirit, which has made this distinction the aim of their ambition, a certain pledge that the expectations he forms, in according to it, and his reliance on the future services of the Corps, will not be disappointed.

The Governor in Council accordingly directs, that from the 31st Instant, the 1st Regiment of Native Infantry, shall be restored to the List of the Army of this Presidency, with all it's appointments; and that the two Battalions now composing the 24th Native Regiment, shall resume their former numbers, respectively, in the 1st Native Regiment.

His

His Excellency the Commander in Chief is requested, and authorized, to give the necessary orders for carrying this arrangement into immediate effect.

By order of the Right Honorable the Governor in Council.

(Signed) E. WOOD,

The whole of the Officers, Native Commissioned, Non-commissioned, and Rank and File, &c. of the 24th Regiment N. I. are transferred to the 1st Regiment N. I. and posted to the 1st and 2d Battalions as at present.

The Commander in Chief is pleased to direct, that the Facings of the 1st Regiment N I. shall be white, with gold lace.

Remarks by His Excellency The Most Noble The Commander in Chief.

The Commander in Chief notices with regret the extraordinary misconception by which the Court has been guided. In all cases of trial before a General Court Martial, the offence charged is considered as having been committed against Government: because, altho' it's character may have been contumacy or injury towards an Individual, the Crime is stated and prosecuted

as

as a Breach of the law or discipline established by the Supreme Power.—The Judge Advocate General, or the Deputy Judge Advocate, is by his office the Prosecutor on the part of Government for the violation it's ordonnances have suffered, and no other Prosecutor is necessary. For the surer furtherance of justice, the Individual who has been directly affected in his authority or person by the transgression, is usually allowed to act as Joint Prosecutor. This, however, is a matter of convenience and is not essential to the Proceedings. The representation of the Deputy Judge Advocate to the Court, is therefore regarded by the Commander in Chief as having been perfectly correct; and the inattention of the Court to it is consequently deemed erroneous.

Had the Prisoner imagined that his defence would be benefitted by the opportunity of putting questions to Major General Sir Gabriel Martindell, it was competent to him to have required that the Major General should be summoned as a Witness. As it would then have been incumbent on the Court to adjourn till the public service allowed Sir Gabriel Martindell to appear, the principle is manifested which should have prevented the Court from closing it's Proceedings till the means of attending had been given to him, when his evidence was held necessary for the accurate discharge of the duty owed by the Court no less to Government and the Army than to the Prisoner.

Since the decision of the Court amounts to an acquittal, the Commander in Chief will not order a Revisal: But for the reasons assigned, he is obliged to signify his disapprobation of the Proceedings.

By Command. (Signed) C. J. DOYLE, *Lt. Col.*
Military Secretary.

As Ensigns of Infantry Regiments are posted to Corps according to their standing in the Lists received from the Honorable the Court of Directors, and every advantage allowed to seniority when so posted, The Governor in Council does not consider it advisable to cause any removals of those Ranks of Subaltern Officers, they having already received the benefit of their relative situation with each other, nor does he consider it necessary to alter the Dates of their Commissions as Ensigns for the above reason.

CHOULTRY PLAIN, 14*th March* 1818.

G. O. BY MAJOR GENERAL DYCE.

The following General Orders issued in Camp by the Commander in Chief, are, by His Excellency's orders, published to the Army.

Head Quarters of the Army of the Deckan : Camp at Beigunm, Saturday, 14*th February* 1818.

G. O. BY THE COMMANDER IN CHIEF.

The Commander in Chief has great satisfaction in noticing the several decisive and important services, performed by the Reserve of the Army of the Deckan, under the Command of Brigadier General Munro, by whose active enterprize, distinguished ability and general experience, the relief of the Fort of Nawlgoond has been effected at a time when the Garrison was severely pressed, and the Forts of Gudduck, Dummull, and Hoobley, have surrendered within a few days to that part of the Reserve immediately under the Brigadier General's Command.

The Force with the Brigadier General could hardly from it's trifling numerical strength, have been expected to achieve, the reduction of Posts so considerable as those abovementioned, but the character of the Leader, animated his small and gallant Party and equally contributed to produce the submission of the Enemy.

His Excellency also feels considerable satisfaction in noticing that the Detachment of the Reserve commanded by Brigadier General Pritzler, fell in with a Body of the Enemy's Cavalry, on the 8th and 18th Ultimo, on both which occasions the Enemy was successfully charged and dispersed, by a Detachment of His Majesty's 22d Light Dragoons, and 7th Regiment Cavalry, led on by Major Doveton of the latter Corps.

Under instructions from The Most Noble The Governor General, His Excellency Lieutenant General Sir Thomas Hislop, Commanding the Army of the Deckan, directs that the 3d and 5th Divisions, be from this date struck off the strength of that Army, and will henceforth make all Reports and Communications, to The Most Noble The Governor General and Commander in Chief in India, through the prescribed channels.

His Excellency Sir Thomas Hislop, avails himself of this opportunity of expressing the high opinion he has formed of the distinguished gallantry and discipline of the Troops composing the 3d and 5th Divisions of the Army of the Deckan; and His Excellency requests that Brigadier General Sir John Malcolm, K.C.B. &c. &c. and Lieutenant Colonel Adams, C.B. will accept of his sincere acknowledgments for their distinguished services

services and cordial exertions and support during the time they have served under his Command.

T. H. S. CONWAY,
Adjutant General of the Army.

Head Quarters of the Army of the Deckan : Camp at Talnier, Saturday, 28th February 1818.

G. O. BY THE COMMANDER IN CHIEF.

His Excellency Lieutenant General Sir Thomas Hislop, Bart. Commander in Chief of the Army of the Deckan, requests, the Officers and Troops engaged yesterday upon the attack of Talnier, will accept his thanks, for their gallant and zealous exertions, during the short but arduous contest.

The professional ability and experience of Major Noble, C.B. Commanding the Artillery, were highly conspicuous, in the judicious application of the very limited means at his disposal for opening a road into the Fort.

The

The Artillery was most ably served, and it's execution far surpassed what, could have been expected to be accomplished with Light Field Pieces.

The Commander in Chief requests that Major Noble, C.B. Captains Rudyard and M'Intosh, and Brigade Major Bonner of the Artillery, as well as the whole of the Officers, Non-commissioned and Privates of that excellent Corps, will accept his best thanks and acknowledgments, for the valuable services they yesterday performed.

The Commander in Chief had on this arduous occasion to deem himself most fortunate in experiencing the able, zealous and valuable services of his Aide-de-Camp, Lieutenant Elliot of the Royal Engineers, of which in consequence of the wound he received early in the Battle of the 21st December last, His Excellency had to lament the privation during the remainder of that day.

The services also of Lieutenant Anderson and Ensign Purton of Engineers, were eminently conspicuous, and His Excellency regrets that the wound which Lieutenant Anderson received, should deprive him even for a moment of that Officer's valuable services.

The want of sufficient means to carry on regular operations against the Fort of Talnier, obliged His Excellency The Commander in Chief to rest much on the well known gallantry of his Troops, on which he had the fullest reason, from previous experience, to rely, and his expectations were as usual most fully realized.

His Excellency regrets that this Army and their Country in general, should have to lament the loss of such distinguished Officers and valuable Men, as Major Gordon and Captain Macgregor of His Majesty's Royal Scots, the former Commanding the Storming Party (which consisted of the Flank Companies of His Majesty's Royal Scots under Captain Hulme, and of the Madras European Regiment under Captain Maitland), and the latter Commanding the Grenadiers of His Majesty's Royal Scots.

Major Gordon and Captain Macgregor fell gloriously at the head of the gallant Storming Party, almost at the moment when their intrepidity and courage had achieved the object of the attack.

To Major Knowles, who with the Rifle Corps, the 3d Light Infantry, and the Picquets supported the attack, the Commander in Chief offers his cordial acknowledgments, for the zeal, decision and intelligence which distinguish that Officer upon all occasions; and His Excellency also requests that Major Snow, Commanding the Rifle Corps, will receive his high approbation of his own exemplary conduct and of the useful services of his Corps.

The Commander in Chief also notices with high satisfaction, the good

good conduct and discipline of the 1st Battalion 3d Regiment Light Infantry under Captain Agnew, and the Picquets on duty under Captain Cuffley of the 16th Light Infantry.

The conduct of the Pioneers during the whole of their arduous duties in the attack of yesterday, was such as to call forth the highest approbation of the Commander in Chief, and His Excellency offers to Captain M'Craith, Commanding the Pioneers, his warmest acknowledgments for his own distinguished and exemplary conduct, as well as to the whole of the Officers, Non-Commissioned and Privates of his Corps.

His Excellency anxiously trusts that he shall not be long deprived of the valuable services of the Officers and Men who were wounded in the attack, and he assures that gallant and distinguished Officer, Lieutenant Colonel Macgregor Murray, Deputy Adjutant General of His Majesty's Forces, and Captain O'Brien, Assistant Adjutant General, as well as Lieutenant Anderson of Engineers, Lieutenant Macgregor, His Majesty's Royal Scots, and Ensign Chauvel, 1st Battalion 2d Regiment N. I. of his most earnest solicitude for their early recovery.

The conduct of Lieutenant Colonel Conway, Adjutant General of the Army, and the unceasing and energetic display of that Officer's personal courage, and able arrangements throughout the day were such, as His Excellency well knew, from former experience, that he should derive the greatest benefit from; Sir Thomas Hislop begs the Lieutenant Colonel to accept of his warmest thanks, for the great aid he has on the present occasion received from him.

The judicious and accurate reconnoissances made by Lieutenant Colonel Blacker, Quarter Master General of the Army, and the ability and gallantry of that Officer, in conducting the important arrangements of his Department, during the operations of yesterday, were such also as to entitle him to His Excellency's warmest thanks and acknowledgments.

Sir Thomas Hislop desires also to offer his best thanks to Lieutenant Colonel The Honorable L. Stanhope, who with Lieutenant Colonel Murray accompanied the Flank Companies of His Majesty's Royal Scots on the Storm, for his gallantry and conduct on this occasion; and to Major Hugh Scott, Military Secretary, and every Officer of the General, Personal and Divisional Staff, His Excellency tenders his warmest acknowledgments for the display of that energy and promptitude, for which on this, as on former occasions, they have been distinguished.

G. O. BY THE COMMANDER IN CHIEF.

The arrangements in progress, rendering it unnecessary to continue the First Division of the Army of the Deckan, embodied, His Excellency the Commander in Chief directs it's discontinuance from this date, and the several Divisional, and Brigade Appointments, and the Departments hereafter specified, will be discontinued and paid up to the 31st Instant.

Brigades of Cavalry, Artillery, and Infantry,
Paymaster's Department,
Commissary of Stores' Department,
Senior Engineer,
Baggage Master's Department,
Superintending Surgeon,
Deputy Medical Storekeeper's Department,
Persian Interpreter,
Provost Marshal and Establishment,
Field Establishment of Guides, Quarter Master General's Department.

The Commander in Chief cannot, on this occasion, omit recording the high sense he entertains, of the merits, and services of the First Division of the Army of the Deckan.—His Excellency has on several proud occasions noticed the zeal, and ability of the Officers, and the patience, discipline, and gallantry of the Troops, but His Excellency now feels it a duty, to notice the highly orderly, and exemplary conduct, of the Division on all occasions, speaking in such strong terms the credit due to the several Brigadiers, Commanding Officers of Corps, and Brigade, and Regimental Staff; while, Sir Thomas Hislop reflects with no common pride on the manner his gallant Troops have maintained the high reputation of the Madras Army, it is a fact to be recorded,

recorded, equally honorable both to the Officers and Troops; that in no instance, has a General Court Martial been assembled in the Division, for any offence committed by the Troops, since it's formation, or does the Orderly Book record one single instance of censure.

To Lieutenant Colonel Mackintosh, Deputy Commissary General,

Captain Carfrae, Paymaster,

Captain Mackintosh, Commissary of Stores,

Captain Spankie, Baggage Master, His Excellency the Commander in Chief, offers his warmest thanks, and acknowledgments, for the eminent services they have rendered him, not only for their conspicuous zeal, as Officers in the Field, but for the efficiency of their several important Departments, which throughout the service, have been conducted with a well directed ability, as honorable to those Officers, as their exertions have been advantageous to the Service.

To Captain Briggs, Persian Interpreter, His Excellency the Commander in Chief offers his best thanks, and cordial acknowledgments, for the valuable services he has rendered him on all occasions.

The Commander in Chief must again notice, the efficiency of the Medical Department, which has been most ably conducted by Mr. Superintending Surgeon Annesley, to whom, as well as to Mr. Stritch, Deputy Medical Storekeeper, The Commander in Chief offers his acknowledgments, and praises, which are so justly due to their indefatigable exertions, and able arrangements.

CHOULTRY PLAIN, *23d April* 1818.

G. O. BY MAJOR GENERAL DYCE.

The following General Orders issued in Camp by the Commander in Chief, are, by His Excellency's orders, published to the Army.

Head-

Head Quarters of the Army of the Deckan : Camp at Aurungabad, Tuesday, 31st March 1818.

G. O. BY THE COMMANDER IN CHIEF.

Lieutenant General Sir Thomas Hislop having, in pursuance of the authority vested in him, for that purpose, by The Most Noble The Governor General and Commander in Chief, made such arrangements as were necessary, towards the breaking up of the Army of the Deckan, His Excellency proceeds to issue his final Orders, as Commander in Chief of that Army.

From, and after the present date, therefore, the designation of the "Army of the Deckan" is discontinued, and the Corps commanded by Brigadier Generals Doveton, and Smith, will revert to the footing on which they stood, previously to the Lieutenant General's assumption of the Chief Command.

As the Divisions, of which Brigadier Generals Doveton, and Smith, are to retain the Command, will still for a time exceed the ordinary amount of the Subsidiary Forces, which constituted their original Commands, and will continue to be employed in operations intimately connected with those, in which they have been engaged, since they received that rank, Lieutenant General Sir Thomas Hislop notifies to the Army, that it is not, at present, the intention of His Excellency The Most Noble The Governor General, to recall the Commissions issued to the above Officers; that on similar grounds, Brigadier Generals Munro, Pritzler, Sir John Malcolm, and Sir Augustus Floyer, will also retain for the present, the rank of Brigadier General, and that Brigadier Generals Munro, Smith, and Pritzler, will continue to act in the same relations to each other, as they now fulfil.

Lieutenant General Sir Thomas Hislop, authorizes the General, and Personal Staff, at Head Quarters, to continue to maintain their Field Establishments, until the arrival of His Excellency at Fort St. George.

Sir Thomas Hislop would have deemed it quite superfluous, after the high and flattering encomiums bestowed on the Army of the Deckan, by His Excellency The Most Noble The Governor General and Commander in Chief, to express those which the gallant Army he has had the honor to Command, throughout so eventful a campaign, is in so pre-eminent a degree entitled to, personally from him ; Impelled however, by a sense of what is due to them, for their undeviating observance of the most exact discipline, thereby throwing a lustre on their acknowledged achievements, he cannot resist the opportunity which the present moment affords, of bearing the most public testimony of their further just deserts.

Each, and every Division of the Army, having entitled itself to,

and

and received the Lieutenant General's thanks and applause; it becomes unnecessary now to revert to the particular occasions which called forth these acknowledgments; nothing is therefore left to His Excellency to repeat, but that they have all most nobly done their duty, thereby leaving on his mind, an indelible impression of admiration: To have been placed at the Head of the Army of the Deckan, must to the latest period of his life prove the source of his greatest pride, as the conferring on him, by The Most Noble The Governor General in Council, of so distinguished a Command, must ever claim the acknowledgments of his utmost gratitude.

To Major General Sir William Grant Keir, to Brigadier Generals Munro, Doveton, Sir John Malcolm, Smith, and Pritzler, and to Lieutenant Colonel Adams, who commanded the several Divisions of the Army in the Field, Sir Thomas Hislop once more tenders to their acceptance, the offer of his most sincere, and grateful thanks, for the eminent services they have performed, while serving under his Command, and His Excellency requests they will each do him the favor of conveying the same to the Corps, which have composed their Divisions during the Campaign.

The Lieutenant General avails himself, with pleasure, of the present occasion, to record the high sense he entertains, of the able and energetic assistance he has received, during the whole of the Campaign, from his General, and Personal Staff, in conducting their respective Departments, and duties, which justly entitles them to his unqualified thanks, and approbation: His Excellency at the same time deems it proper to remark, that if the Commissariat arrangements during the short period when the Army was in the Field in 1815, were such as to demand his particular applause on that occasion, the more arduous, and complicated duties required of the Department, during the late service, and which were most satisfactorily fulfilled under circumstances of the greatest difficulty, and embarrassment, give Lieutenant Colonel Morison, aided as he has been, by the indefatigable exertions of Lieutenant Colonel Mackintosh, and the Officers of his Department, the strongest claim to His Excellency's acknowledgments and high commendation.

All Returns, Reports, and Communications from the Army of the Deckan are to be forwarded through the prescribed channels, to Sir Thomas Hislop, Head Quarters, up to this date, inclusive, and His Excellency will reserve to himself the right of giving such further orders, and instructions, as may be necessary on all points, at present under reference, or requiring submission for approval to superior authority, up to the same period.

G. A. O.

G. A. O.

An omission having unintentionally occurred, in not having noticed Captain Ffrench, the Postmaster of the Army of the Deckan, in any of the General Orders conveying the thanks, and acknowledgments, of the Commander in Chief, to the Officers of the General Staff, His Excellency loses no time, since that omission has been brought to his observation, in expressing his entire approbation of the very efficient manner in which Captain Ffrench has invariably conducted that important Department, and surmounted the many difficulties which presented themselves to it's due fulfilment, and for which His Excellency now offers to Captain Ffrench his very sincere thanks.

Captain Ffrench will continue, until further orders, to be Postmaster with the Head Quarters of the Madras Army in the Field.

T. H. S. CONWAY,
Adjutant General of the Army.

FORT ST. GEORGE, 1st *May* 1818.

G. O. BY GOVERNMENT.

It having been represented to Government that on the decease of Native Troops, under circumstances to entitle their Families to Pensions, the latter have been exposed to inconvenience and distress by the discontinuance of their Family Certificates before their Pensions have been authorized; The Right Honorable the Governor in Council deems it expedient to establish the following Regulation for their relief.

On receipt of notifications of the decease of Native Troops their Family Certificates, if they had left any, are in all cases to be cancelled; and, if the families are entitled by the Regulations to Pensions, temporary Pension Certificates are to be issued to them in lieu thereof for the amount of the regulated Pension, according to the Rank, &c. of the deceased, and in the name of the Persons to whom the Family Certificates were payable; the payment to commence from the date on which the Family Certificates may have been discontinued.

The temporary Certificates thus issued are to contain the usual personal description, &c. of the Party, but are never to exceed the regulated Pension, even tho' the Family Certificate should have been for a greater amount; and when the permanent Pensions are afterwards sanctioned they are to be payable, not from the date of the casualty, but from that on which the temporary Certificates have been cancelled.

It is further to be understood that should Persons who may obtain the temporary Pensions not be subsequently recognized as the nearest Heirs of the deceased, the latter when permanently pensioned are to have no claim to any arrear for the interval between the date of decease of the Parties in right of whom they claim, and that of the discontinuance of the temporary Certificates.

On receipt of the notifications of casualties, the Superintendent of Family Certificates and Pensions, in conformity with the above provisions,

provisions, is to prepare the temporary Certificates and to submit them for the sanction of Government, accompanied by corresponding lists, specifying the dates of the casualties, where they occurred, where the Certificates are required to be paid, &c. ; and when approved, the Military Auditor General will receive authority from Government for their payment.

Commanding or Staff Officers of Stations at which Family Certificates may be payable, are accordingly to transmit to the Superintendent of Pensions, &c. the necessary particulars, to enable him to give effect to the above Regulation ; and are also to afford that Officer every information, connected therewith, which he may have occasion to require of them.

As the above provisions are applicable in those cases only in which the Troops may have left Family Certificates, and it being deemed of importance that the right of all Individuals (particularly the Families of the Native Troops) who may have claims to permanent Pensions shall be established with the least possible delay; His Excellency the Commander in Chief is requested to direct that the prescribed Committees for the examination of such claims, shall be assembled as early as may be practicable after, if not prior to, the termination of the service giving rise to such claims.

By order of the Right Honorable the Governor in Council.

T. H. S. CONWAY,
Adjutant General of the Army.

Head Quarters of the Army: Camp at Sonaee, Saturday, 18th April 1818.

G. O. BY THE COMMANDER IN CHIEF.

His Excellency the Commander in Chief has great satisfaction in expressing in Public Orders, the high sense he entertains, of the spirited, and judicious conduct, of Lieutenant Stott of the 2d Battalion 9th Regiment Native Infantry, which has been brought to His Excellency's notice by Brigadier General Munro, Commanding the Reserve of the Army.

From the Brigadier General's report, it appears that Lieutenant Stott, with a Detachment of 50 Men of the 2d Battalion 9th Regiment Native Infantry, was sent to occupy a position near the Fortress of Hongull, for the purpose of preventing the Enemy's Garrison at that place, from plundering, and laying waste, the

adjacent

adjacent country.—Lieutenant Stott reached the place, and took up his ground on the 8th Instant, about 1,000 yards from the Fort.—In the course of the day, he drove off a Party of the Enemy from a commanding position they occupied, within 200 yards of the Fort, but owing to the fire of the guns from the works, he was compelled to retreat to his former position.

In the evening he was attacked by the whole of the Garrison, and after a gallant contest, succeeded in repulsing them, with considerable loss, at the same time taking possession of a well chosen position, close to the Fort, and covered from the effects of it's guns.

The determined perseverance, and courage, of this small Party, so ably directed by Lieutenant Stott, intimidated the Enemy to such a degree, that they surrendered the place, with a Garrison of 300 Men, next morning.

The Commander in Chief requests that Brigadier General Munro will communicate to Lieutenant Stott, His Excellency's entire approbation, and applause, of his conduct upon this occasion, as well as that of the gallant Detachment under his command.

The Commander in Chief is happy in having it in his power, to correct an omission in His Excellency's G. O. of the 13th Ultimo, noticing the attack of the Army of Bajee Rao, on the 20th February last, by the Division of the Army under the Command of Brigadier General Smith, C. B.

The report of the Brigadier General, stating that the Horse Artillery were kept in reserve, led the Commander in Chief to understand, that they were not actively engaged, but His Excellency having received a subsequent report from the Brigadier General, explanatory of the circumstance, and shewing that the Bombay Horse Artillery, under Captain Pierce, bore an active, and distinguished share, in the dangers and honor of the Action of the 20th February, His Excellency desires to offer to Captain Pierce, the expression of his high approbation, and thanks, for the zealous and persevering exertions, which that Officer made, in bringing his guns into position, and opening their fire, under circumstances of great difficulty, owing to the nature of the ground, and His Excellency requests that Brigadier General Smith, will communicate to Captain Pierce, and to the Corps of Bombay Horse Artillery under his command, the high sense entertained by the Commander in Chief, of their meritorious services, and good conduct.

The Commander in Chief has received from Brigadier General Munro, Commanding the Reserve, a report of the meritorious conduct of a Troop of the 5th Regiment Cavalry, in an affair

with

with the Enemy's Horse on the 8th of February last.—This report, from some mistake, has only now reached Head Quarters, and His Excellency takes the earliest occasion, to express the very high sense he entertains, of the gallantry, and courage, which animated the small Party of the 5th Regiment Cavalry, on the occasion above alluded to, and particularly of the spirited, and prompt decision, which marked the conduct of Captain Munro, 7th Regiment Light Cavalry, Commanding the Troop, whose ready determination, and good judgment, not only saved the Troop, but succeeded in repulsing the Enemy with considerable loss, although posted in an advantageous position, and vastly superior in numbers, to the Party with Captain Munro.

His Excellency offers to Captain Munro, and the gallant Detachment under his command, his entire approbation, and applause, of their conduct, as reported by Brigadier General Munro, and desires that this Order may be particularly explained to the Troop of the 5th Cavalry, engaged with the Enemy, on the 8th February last.

T. H. S. CONWAY,
Adjutant General of the Army.

CHOULTRY PLAIN, *8th May* 1818.

G. O. BY MAJOR GENERAL DYCE.

The following General Orders issued in Camp by the Commander in Chief, are, by His Excellency's orders, published to the Army.

Head Quarters of the Army of the Deckan: Camp at Bizapoor, Friday, 13*th March* 1818.

G. O. BY THE COMMANDER IN CHIEF.

His Excellency the Commander in Chief, has received the Official Details, from Brigadier General Munro, of the attack, and surrender of the Fortress of Badami, on the 18th Ultimo, to the small, but gallant Detachment, of the Reserve of the Army of the Deckan, under the Brigadier General's command.

The enterprizing spirit, which has marked the whole of the military operations, in which Brigadier General Munro has been engaged, reflects the highest *lustre*, on that distinguished Officer's professional zeal, and conspicuous ability.—The present attack, undertaken with so much promptitude, and decision, has produced the unconditional surrender of the important citadel of Badami, after the Fort was gallantly stormed, without any considerable loss, an advantage which must be attributed, in a very great degree, to the timely, and fortunate arrival, of the reinforcements from the Ceded Districts, without which addition to Brigadier General Munro's very inadequate Force, the result might have been more glorious, but the loss more severe.

His

His Excellency the Commander in Chief requests, that Major Newall, who has conducted the Details of the Division of the Reserve, under Brigadier General Munro's immediate command, will accept his thanks, and acknowledgments, for the very able, and judicious manner, in which he has conducted this, as well as every previous service, in which the Detachment has been engaged.—His Excellency the Commander in Chief also desires, that Captain Rose of the 2d Battalion 9th Regiment, will accept his acknowledgments, for the gallant, and spirited manner, he led the advance of the Storming Party, into the Fort of Badami ;—The expression of His Excellency the Commander in Chief's approbation and applause, is also due to the gallant Detachment of His Majesty's 22d Regiment Light Dragoons, (dismounted,) the Flank Companies of the 2d Battalion 4th Regiment, the Flank Companies of the 2d Battalion 9th Regiment, and the Detachment of Madras Pioneers, for the admirable spirit, and coolness, they evinced in the attack.

The Commander in Chief has received from Brigadier General Smith, Commanding the 4th Division of the Army of the Deckan, the official details of the important success gained by the Troops, under the Brigadier General's command, on the 28th ultimo, at Ashtie, over the Army of Bajeerow, and His Excellency hastens to record his admiration, of the ability, and gallantry, which have led to this most important result.

It appears that after a most persevering pursuit, which the Troops of the 4th Division kept up with exemplary cheerfulness, during a period of three months, their exertions were rewarded by coming up with the Enemy on the above day.—The opposition made by the Mahratta Cavalry, was brave, and resolute, but the successive charges made by our gallant Cavalry, soon compelled them to fly in confusion, with the loss of about 300 men, and a great part of their baggage.

The death of their leader Goklah, who fell in the action, and the rescue of His Highness The Rajah of Sattara, who, with his Family, is now happily under the protection of the British Government, are among the more striking features of this brilliant affair, and their importance will certainly be fully appreciated, by The Most Noble The Governor General.

His Excellency Lieutenant General Sir Thomas Hislop, begs leave to tender, his grateful acknowledgments, to Brigadier General Smith, for the unceasing energy, and high military character, which have marked that Officer's proceedings, during the short, but, eventful period of hostilities with Bajeerow, and His Excellency assures the Brigadier General, that in the report of the present affair which will be immediately laid before The

Most

Most Noble The Governor General, it will be His Excellency's endeavour, to do justic[illegible] to his distinguished conduct.

His Excellency Lieutenant General Sir Thomas Hislop notices, with the highest satisfaction, the intrepid, and well timed charge, made by the two Squadrons of His Majesty's 22d Dragoons, under Major Dawes, by which the Enemy were first routed, and the no less admirable conduct of the 2d and 7th Regiments of Madras Cavalry, under Majors Walker, and Doveton, respectively, which gallant Corps, composed the Brigade, commanded by Lieutenant Colonel Colebrooke, c. b., and whose exertions on this occasion, have been such, as to excite in His Excellency's mind, the strongest sentiments of approbation, of the skill, and decision, of those Officers, as well as of the gallantry, and discipline, displayed by their exemplary Corps.

The Commander in Chief also desires, that Captain Frith, of the Madras Artillery, will accept his acknowledgments, for the very able, and judicious manner, he brought the Gallopers, under his command, into action with the Cavalry.

The important services of Captain Tovey, Deputy Adjutant General, and of Captain M[illegible]e, Deputy Quarter Master General, and the active zeal, and promptitude, of Brigadier General Smith's Personal Staff, Captain Hardcastle, Lieutenant Place, and Lieutenant Billamore, have been brought to His Excellency's notice, in a manner, which entitles them individually, to receive His Excellency's thanks and applause.

The Commander in Chief has also much pleasure, in offering his best acknowledgments, to Major Hull, Deputy Commissary General, whose excellent arrangements, foresight, and assiduity are represented by the Brigadier General, to have overcome many obstacles to the supply of the Division, during it's recent operations.

The Paymaster of the 4th Division, Captain James, the Commissary of Stores, Captain G[illegible]ths of the Bombay Artillery, and Mr. Superintending Surgeon Phillips, are also entitled to the Commander in Chief's praise, and acknowledgments, for the efficiency which has prevailed in their respective Departments.

The Fort of Singhur having surrendered to Brigadier General Pritzler's Detachment, on the 2d Instant, His Excellency the Commander in Chief, congratulates that Officer, and the gallant Troops under his command, on the possession of so strong a Fortress, with so little loss.

The able and judicious arrangements, made by Brigadier General Pritzler, for conducting the operations of the siege, reflect the highest credit on that Officer's military character, and the Commander in Chief requests the Brigadier General to be assured,

that

that he will report his high estimation, of the services he has rendered, in appropriate terms, to The Most Noble The Governor General.

The professional ability, and experience, of Lieutenant Colonel Dalrymple of the Madras Artillery, (who commanded the Artillery employed at the siege of Singhur,) are reported by Brigadier General Pritzler to have been conspicuous, and His Excellency The Commander in Chief requests Lieutenant Colonel Dalrymple to be assured how duly he appreciates, the value of his zealous services, on this, as well as on every other occasion.

The Commander in Chief also requests that Captain Nutt of the Bombay Engineers, and Lieutenant Grant of the Madras Engineers, will accept his thanks, and cordial approval, of their zealous, and valuable services, during the siege.

The conduct of the Artillery, Pioneers, and Troops in general, was highly praiseworthy, and The Commander in Chief notices, with great satisfaction, the commendation which Brigadier General Pritzler has bestowed on them, for their zeal, and cheerfulness, on all occasions.

His Excellency The Commander in Chief has great satisfaction in announcing to the Army, that the Fortress of Chockum surrendered to the Detachment commanded by Lieutenant Colonel Deacon of the Madras Establishment, on the 27th Ultimo.

The judgment, spirit, and decision, with which the short, but active operations, against the Fort of Chockum, were carried on, speak sufficiently the ability, and character, of Lieutenant Colonel Deacon, and His Excellency The Commander in Chief requests that Officer to accept his praise and acknowledgments, for the important services he has rendered.

The Commander in Chief's approbation, is also due to Captain Thew, Commanding the Bombay Artillery, Ensign Slight of the Bombay Engineers, employed on this service, as well as to the whole of the Officers, and Troops of this Detachment.

Remarks by His Excellency The Most Noble The Commander in Chief.

The Court by finding the Prisoners guilty of having falsely and maliciously deposed upon oath before a Magistrate, that Assistant Surgeon Wray wilfully and intentionally shot at them, have declared each of them guilty of an atrocious act of Perjury.

Suspension for a month from Rank and Pay is so inadequate a punishment for a crime of such turpitude, that The Commander in Chief entirely disapproves the Sentence and orders the Court to be dissolved.

It appearing by the Regimental Books, that Subadar Mayput Sing was deeply impeached in character and had public notice given to him by a former Commander in Chief thro' the Adjutant General, that any future laxity in his conduct would entail his dismission from the Service without a Court Martial, The Commander in Chief deems it fitting to enforce the penalty of which Subadar Mayput Sing was then warned, and His Lordship accordingly, by virtue of the power vested in him, dismisses Subadar Mayput Sing from the Honorable Company's Service.

The Commander in Chief is further pleased to direct that Havildar Major Ajaib Sing be dismissed the Honorable Company's Service.

The Commander in Chief is induced to exercise this severity in the case, because that in addition to the malignant nature of the crime, the Prisoners have endeavoured to support their defence in a way which deserves peculiar reprobation.

Among the grains of shot produced in Court as having fallen on the bed where the Prisoners were lying, there are several of a much larger size than the quality of shot which it was proved Assistant Surgeon Wray was using—Those larger shot are flattened,

flattened, that it may be inferred with what force they struck the bed frame: But those grains are equally flattened on both sides, so as that it is evident they were put into that state between two hard substances.—This attempt at imposition The Commander in Chief considers in a heinous light. Still it is not so grossly culpable as the other point.—Four Witnesses are brought forward by the Prisoners in their defence against the second Charge: and each of those Witnesses gives his answer to a series of questions, not only to the same effect, but as is observed by the Deputy Judge Advocate, precisely in the same phrase; so that their evidence was word for word the same—this is a coincidence which could not have happened but from the Witnesses having severally been instructed in their lesson before hand; and The Commander in Chief cannot sufficiently express his astonishment that the Court did not comment on so gross and palpable a fact— These circumstances greatly aggravate the original guilt in the contemplation of The Commander in Chief and render a rigorous example necessary.

By Command. (Signed) C. J. DOYLE, *Lt. Col.*
Military Secretary.
